Dear Dahlia Friends:

We take great pleasure in sending you our Price List for 1948. Varieties listed have been carefully selected for their usefulness for exhibition or garden purposes and are in each case the leaders in their respective class.

Our stock is carefully grown and the many fine letters received from our customers tell us of the wonderful results obtained from both our roots and rooted cuttings. Excellent mailing facilities permit us to guarantee safe delivery on all orders from coast to coast.

We are growing a number of new imported varieties to appraise their worth before including them in our general price list. Our planting will also include a number of seedlings of our own and other growers.

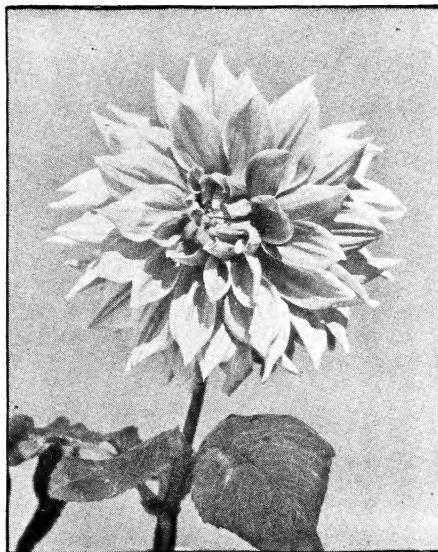

We extend you a cordial invitation to visit our Gardens which are located on U.S. Route 40 approximately five miles west of Springfield. Our Gardens are a riot of color from August 15th on and it is always a pleasure to welcome visitors.
